

Castel Fragsburg

High above Merano, where the sensual charm of the Mediterranean meets wild Alpine romance, stands the Castel Fragsburg. Enthroned here since 1624, South Tyrol's smallest five-star hotel enjoys the most hours of sunshine in the whole country. Entwined in wild vines, the Castel is set in an enchanted garden that stretches over 10.000 square meters around the Fragsburg. Wisteria, roses and hydrangea bloom all around.

OWNERSHIP

The Fragsburg has been fashioned with love and devotion into an artful composition of antique furniture, expertly selected designer pieces and a touch of Art Deco. Originally an historical hunting lodge, since the 1950s the castle has gradually and lovingly been brought up-to-date by the Ortner family – showing an impeccable eye for beauty and a heartfelt sense of nostalgia.
