

Hotel Le Dune Piscinas

On the remotest stretch of Sardinia's Costa Verde, in the midst of one of the highest dune systems in Europe, the hotel occupies the warehouse of an ex-mine works. Belying such mundane origins, it's a classic chic retreat: secluded, exclusive, and blessed with a prime location right on the beach. The unfussy rooms are quiet and well-equipped, public areas are airy, and the bar and restaurant are perfectly satisfactory – but it's the location that you'll remember.

OWNERSHIP

Owner Marcella Tettoni fell in love with this territory many years ago. She used to stay here as a regular guest and decided to buy the property when the former owner decided to retire. Only her passion and dedication made it possible to create without doubt one of Sardinia's most authentic hotel experiences.
